

# Address from the Executive Board

*"We do not argue with those who disagree with us, we destroy them"*

*-Benito Mussolini*

Welcome to the Axis Tripartite!

Historic Crises Committees are always fun and exciting because it is like exploring an alternate universe. The committee that you have chosen is not just unconventional, but it also opens up a wide set of possibilities. In here, through this simulation, you have the power to change the course of events during the most important times of the modern world.

The Second World War is a fascinating, yet haunting era of modern history. It's impact is felt even now- 73 years later. This committee is undoubtedly a strange one- perhaps even controversial. Some of the most infamous personalities of history are present in this fictional Axis Cabinet. It is imperative to understand what kind of people they were. Ensure you know who their allies and enemies within the committee are and the exact extent of their political and military power.

The Axis Tripartite will be a fast paced committee where you'll have to remain in character at all times, but also think on your feet. While we expect you all to come very well researched, do not hesitate to clarify any doubts regarding the procedure at any point during the conference.

We wish you the very best of luck and look forward to a committee that is witty and ruthless. Feel free to reach out with any questions at [axiscabinet.rmun2018@gmail.com](mailto:axiscabinet.rmun2018@gmail.com).

Good luck!
