

Letter from the Executive Board

Greetings delegates,

At the outset on behalf of the Executive Board, we extend a warm welcome to all of you and congratulate you on being a part of The FIFA Council simulation at the R-NPSMUN 2018.

The committee being simulated at this conference, would unlike most other simulations you must have heard of or been a part of; focuses on analytical application of thoughts, strategic application of thoughts and political correctness in resolving impending politically sensitive issues that affect the masses of the Nation and therefore the world at large.

We as the delegates of the international community, must welcome and embrace change and ensure maximum reach and accessibility of these human rights and technological development to the fullest extent. Policy making, as a form of art has been doing its fair share of rounds in the world. A better world is what we all dream of and through this simulation, the least I expect is a fair share of contribution in formulating creative policies and implementing ideas that will benefit everyone.

The FIFA Council is one of the essential and paramount international forum and an integral part of the United Nations, discussing issues pertaining the spectrum of agendas concerning not only the past and the present, but also the future.

The agenda for The FIFA Council in R-NPSMUN 2018 is:

The Qatar 2022 World Cup

I write this letter on behalf of all the Executive Board members and take this opportunity in extending their warm welcome to you all. This Introductory guide would be as abstract as possible, and would just give you a basic perspective on what you can expect from the committee and areas wherein which your research should be focused at this given point in time.

Kindly do not limit your research to the areas highlighted further but ensure that you logically deduce and push your research to areas associated with the issues mentioned

thereof. We are sure however that this background guide gives you a perfect launching pad to start with your research.

Wishing you all a very warm good luck and hoping to see you all at this conference discussing imperative issues of national trust.

Warm Regards,

Amogh Prakash,

Chair
